

Integrating Technology Into Your Dental Practice

Join us for a powerful and dynamic **hands-on** workshop that will introduce you to the latest technology in digital dentistry. Featured technology includes: intraoral scanners, in-office 3D printers, CBCT and related software. Learn what it takes to scan patients properly, print 3D dental models, same day crowns, surgical guides, and more.

Learning Objectives

- Overview of 3D Technology
- Practical Practice Workflow
- Intro to 3D Software
- Digital Technology Selection

Hands-on

- 3D Software
- Same Day Permanent Crowns
- In-office 3D Printing
- Intraoral Scanning
